After breakfast organized sightseeing of the central part of the town, visit to the Memorial house of mother Teresa, Macedonia Square and the monument warrior on horse, Gate Macedonia, crossing the Stone Bridge to visit the old town, Memorial museum of the Holocaust, the museum of the Macedonian revolution fight, Mustafa Pasha Mosque from the 15-th century, church St. Spas with its beautiful iconostasis from 19-th century, the sightseeing continues towards Kale Fortress, situated in the high hill called Gradishte, over the city Skopje with view to the river Vardar (major river in the city) that have been with great importance for the city for ages. Break for lunch and time for rest. In the evening hours, organized dinner (not obligatory) in traditional Macedonian restaurant. Visit of some disco club (not obligatory) with reservation and free entrance.

**Third day:** Breakfast. After breakfast, organized transportation to the mountain Vodno. Vodno, mountain, which is right in front of your eyes, standing magically on 1067m, in the foggy days it's mystical, in spring full with flowers and trees, in autumn its color is magical yellow and during the winter the trees have so much snow it feels like the North Pole. At Vodno there are so many spices of orchid and mushrooms... the trip continues with the cable car which attends Millennium Cross, who has panoramic view of the city of Skopje. Free time for coffee / tea. Return by cable car and visit to the church of Sv. Pantelejmon.

(Monastery complex fenced with tall walls, inside are the church and the monastery inns. On the walls of this cultural monument are saved the wall painting which are counted a one of the top achievements of Byzantine art of the Komini dynasty).

The trip continues to the Canyon Matka, region that is home of many temples, eased churches and monastires, the secured source of water and many caves and all of that surrounded with beautiful landscape. Short visit to the church St. Andrea, and then facultative visit of the cave Vrelo (by boat).

Underwater cave Vrelo Is situated in the canyon Matka on the right site of the Treska River, near Skopje. The cave is system of two caves, one above (called Vrelo) and another one under the water (called Podvrelo) and lake. The ceiling is real "rain" of stalagmites and the columns are not less surprising. The "column twins" with their high from 6 meters are overwhelming.

Back to the hotel. Transfer to airport Alexander the Great.
